By creating a Values & Vision Statement, you're helping unite and lead your family toward abundance in all 3 Dimensions of Authentic Wealth. Congrats—it's an exciting, important endeavor!

OUR VALUES & VISION STATEMENT

We have strong faith in God and are committed to worshiping Him at church and in our daily lives. We are also dedicated to strengthening our relationships with our family, friends, and community. Our family time is the most important, and we love creating fun, meaningful, and uplifting memories. We also believe in improving our individual talents, helping others, and making a difference.

We are big believers in ongoing education - that includes learning in school, training, books, podcasts, and work-related courses. We like to share what we've learned with our family and our community, and will always create ways to pay our learning forward.

We are committed to being financially disciplined: spending less than we make, making smart decisions with any big purchase, and setting aside savings for the future in IULs, 401(k)s, and Roths. We believe in creating a financial legacy for the future, and are using a KASH Blueprint to teach our children and grandchildren how to preserve, protect, and extend our family's Legacy Bank to the next generations.
